Summary

I have a proven track record at the University of KwaZulu-Natal, where I excelled in functional programming and promoting teamwork. As a lab demonstrator, I enhanced students' practical skills by implementing innovative teaching methods, demonstrating strong problem-solving and organizational abilities. I am skilled at managing multiple tasks, setting clear goals, and improving time management, all of which contribute to educational success. Known for my reliability, excellent communication, and strong computer skills, I am a detail-oriented and driven individual eager to apply my analytical and problem-solving abilities to help achieve organizational goals. I am committed to leveraging my skills to support and advance the mission of any company I work with.
